The “Real” wooden hanger is here

The hangers used for displays continue to change as the fashion culture grows. By taking advantage of wooden characteristics and texture, we try to create the best atmosphere with a lineup that focuses on form and finish. Our goal is to meet your requests into reality with hangers.

While the fashion industries change, our sincere passion for making hangers has never changed.

We sincerely strive to realize the "value" that our customers seek, and sincerely hope that we can help to create the excitement that comes from encounters between people and clothes. This hanger catalog is filled with such thoughts.

Calmed monotone color

White hangers have become standard and popular for apparel in these recent years. No matter what item you choose, it will match the white-based interiors.

When it comes to colors that can create a unique, stylish impression, we definitely recommend black. Cool and modern black color will enhance the overall impression of your store.

Both matte white and black or light white and black (can see the wood grain) are available.

Give your displays an accent with colors

It is said that color increases brand recognition by 80%. Color has the power to convey the meaning and message of designs. This effect will be improved by matching the hangers the same with your brand colors. A variety of colors are available, from pop to tasteful dyed colors. Why not arrange your store displays to match your image? It is also possible to adjust the gloss.

Feel the aging by texture

Unique aging process

An antique-style hanger is a hanger that expresses the aging features. Its charm lies in its nostalgia and unique flavor. The look of the texture that has passed over a long period of time has an appearance that cannot be reproduced by new items. This hanger will give a good essence to the atmosphere and display. The rich vintage and retro texture can be used to create various tastes to your displays that you envision.
